American Portfolios Financial Services Participates in Annual Kidney Walk

HOLBROOK, N.Y. (May 15) — Over the last few years, American Portfolios Financial Services, Inc. (APFS) has participated in the National Kidney Foundation's Long Island Kidney Walk. This year, the walk took place on May 15 at Hofstra University in Uniondale, N.Y.; the event was a resounding success.

The Kidney Walk raises money to increase public awareness of kidney disease. All contributions help support patients with kidney disease and their families, and promote research to find treatments and a cure. Participating in the event is an opportunity for employees and affiliated colleagues to help those in the community who are living with kidney disease and may need a transplant.

In addition to participating in the foundation's annual Kidney Walk, APFS and members of the Employee Activity Committee (EAC) showed tremendous support by sponsoring a chili luncheon fundraising event. With the involvement of staff members, advisors and assistants, this event helped APFS raise a record of more than \$370 to donate to the National Kidney Foundation. The walk and APFS luncheon were both great achievements for a worthwhile cause.

About American Portfolios

Headquartered in Holbrook, N.Y., APFS is a full-service independent broker/dealer offering a complete range of financial services, including personal financial and retirement planning, securities trading, mutual funds, access to investment research, long-term care planning, insurance products and tax-free investing. Fee-based asset management is offered through its subsidiary company, American Portfolios Advisors, Inc., (APA), an SEC registered investment advisor. Full-service securities brokerage is available through its clearing firm relationship with Pershing, LLC, the securities of which are held on a fully disclosed basis. The company currently serves more than 786 independent investment professionals located in 362 branch locations throughout the nation.
